The program was sponsored by Bayer Zydus and attended by 35 delegates.

MOGS Public Service & Community Activities

YOUTH MELA

India today, with over 1.21 billion people (2011 census), has more than a sixth of the world's population. India has more than 50% of its population below the age of 25. Every third person in an Indian city today is a youth, but there are social & spatial inequalities prevailing. While income levels in cities may appear to be higher, the cost of living is also constantly increasing, resulting in shrinking savings, inadequate access to health care & lack of quality education. Maternal mortality remains the 'top cause of death among young women. Further, more than half of young urban women are anaemic, pointing to inadequate food & nutrition.

The youth of today are the future of tomorrow's India.

In the last few years, due to socio-economic and political factors, there have been increasing health problems among the youth.

Today, the youth in India form one of the most vulnerable groups, who on the one hand are expected to be the leaders to determine the destiny of India, and on the other hand, are an exploited and confused group. Today's youth has access to the internet but there are many queries in their mind about reproductive health and social issues, myths prevail & many questions are unanswered. Most are not very comfortable talking to their parents about it and depend a lot on the peers for information which may not always be practical. Empowering the youth with awareness and knowledge is the need of the hour so this initiative .

Following topics are addressed in the YOUTH mela :

1. Grooming & Communication skills : To help them present themselves better at both personal and professional level.
2. Healthy Diet and prevention of anemia : for promoting good health and prevention of anemia; a healthy mind resides in a healthy body
3. Know Your Body : gives knowledge about the reproductive organs.
4. Staying fit
5. Prevention of unwanted Pregnancy : Problems associated with it, by use of contraception.
6. Prevention of HIV/ Sexually Transmitted Infections/Cancer Cervix : By promoting abstinence and correct use of contraception as well as vaccines for preventing Cancer Cervix.
7. Prevention from sexual abuse : With the rise of violence against women this is the need of the hour.
8. Self-defence Techniques : Needed by both boys and girls as a survival skill.
9. First Aid : for anyone and everyone this is a basic skill needed to help themselves and the society in case of accidents as well as disasters.

We have a pretest and post test questionnaire to assess the impact of our sessions on their minds. Lacunae in understanding are addressed and also is followed by Questions and answers, solving queries and are very interactive.

Satisfying their quest for knowledge will certainly help them to cope with challenges of life. We hope to channelize their energy in the right direction helping them to become responsible citizens. FOGSI 's Youth Mela helps in empowering them ..the right way forward !

Youth Mela 2013 - 2014

Youth Mela contd

FOGSI - MOGS program on "Empower Women: Empower India" – Pledge For Excellence on 24th March 2014

Women constitute the most important group in the context of present day development & planning. However, in India, women are still facing obstacles related to women's health, their education status and future.

FOGSI realizes the significance of the creation of an environment in which women can make independent decisions on their personal development as well as shine as equals in society. In continuation of our efforts, Dr. Suchitra Pandit President FOGSI & MOGS launched "Empower Women: Empower India" - Pledge for Excellence in collaboration with by Mumbai Society of Obstetrics & Gynecology (MOGS) on 24th March 2014 at Sofitel BKC, Mumbai.

Empower Women: Empower India - Pledge For Excellence is an effort to say 'Thank You!' to Women, saluting the different roles they play in their lifetime. This initiative included platforms to share, engage, and learn with distinguish women from different walks of life.

Launch program was very well attended by 140 women professionals from different walks of life and it started off with an Introduction about Role of FOGSI in empowering women by Dr. Suchitra Pandit (President FOGSI & MOGS). Dr. H. D. Pai (Deputy Secretary General, FOGSI) spoke on 'Role of Women in shaping a Family'. Audience participated in an enlightening and thought provoking panel discussion on "Women Empowerment through the lens of Health awareness, access and affordability". Distinguished panelists included Mintu Sinha (Principal, Bombay Teacher's Training College), Dr. Suchitra Pandit President MOGS & FOGSI, Dr. Nandita Palshetkar (Secretary, MOGS), Dr. Arundhati Char (President, U-Respect Foundation), Ms. Mrunalini Deshmukh (Matrimonial Lawyer), Mrs. Sangeeta Mall (Writer & Editor) and moderated by Ms. Karon Shaiva (Chief Impact Officer, Idobro Impact Solutions)

This was followed by a Felicitation Program by FOGSI & MOGS team for a remarkable group of women for the commitment each has made not only to support one another in their diverse professional endeavours, but also to work and improve the lives of people living in India and around the world. On this occasion, nine exceptional women achievers were felicitated for their outstanding achievements and immense contribution to society. Achievers included:

1. Dr. Armida Fernandez - Founder Trustee, SNEHA (Category - Social Paediatrics)
2. Mrs. Jyoti Tanna - Founder Chairperson, Each One Teach One Charitable Foundation (Category –NGO)
3. Ms. Nagina Singh - Director Business HR-PPG (Category- Corporate)
4. Ms. Neeti Mohan - Singer
5. Ms. Ranjeeta Vinil - Director -Saarathi Healthcare Pvt Ltd (Category-Entrepreneur)
6. Mrs. Roopa Nabar - Chef Par Excellence (Category- Culinary)
7. Ms. Sunita Sancheti - Activities in Disability Sector and Motivational Speaker (Category- Working against odds)
8. Mrs. Swati Popat Vats - President, Podar Education Network (Category –Academics)
9. Mrs. Vandana Krishna - Director General, RJMC Health and Nutrition Mission, Government of Maharashtra (Category - Women and Child Development)

Dr. Priti Vyas did a fabulous job as as an anchor. Program ended with a Vote of Thanks by Dr. Ameet Patki, Sr. Vice President, MOGS.

Program was professionally managed by Young Concepts and supported by an unconditional educational grant from Abbott India Ltd.

MOGS Vision & Mission

The Mumbai Obstetric and Gynaecological Society has recently adopted a dedicated vision and Mission statement. These are formatted to reflect the philosophy and objectives espoused in the MOGS Constitution

MOGS Vision Statement

The Mumbai Obstetric and Gynaecological Society aspires to be the primary representative and voice of all practitioners of Obstetrics and Gynaecology in Mumbai, an ardent advocate and supporter of women's rights and health issues and the favoured partner for the government and other stakeholders involved in the field of women's health.

MOGS Mission Statement

The Mumbai Obstetric and Gynaecological Society exists to protect the interest and promote the welfare of practitioners of Obstetrics and Gynaecology in Mumbai.

- To encourage participation by members and fellowship amongst member practitioners.
- To work to organize the dissemination of knowledge and undertaking of research in obstetrics, gynaecology and allied specialities.
- To supplement the academic and educational endeavours of students of obstetrics and gynaecology.
- To strive to promote care and the betterment of services related to the health of women and children.
- To serve to advocate the health issues of women and reproductive and sexual health and rights for all.
- To partner FOGSI, professional organizations, government, MOGS and industry to achieve this mission.
- To be a democratic, forward looking, ethical and financially secure society that its members are proud of.

Adopted by the General Body of MOGS in Mumbai on September 25, 2011.
